EXPERIENCE

DESIGNATION Labs, Chicago, IL — *User Experience Research/User Interface Design Apprentice*

July 2016 - PRESENT

- Collaborated with design teams to build products from the ground up starting in the research phase continuing onto completing User Interfaces based off our user research, implementing design fundamentals and best practices.
- Completion of multiple projects working closely with stakeholders and clients.

General Assembly, San Francisco, CA — *Full-Stack Web Development Student*

March 2016 - June 2016

- Completed four noteworthy full-stack web applications, each in week long sprints.
- Worked individually and in group settings, fulfilling roles in front-end and back-end development.
- Learned many technologies and concepts in a fast paced, start-up environment.

Just Hair, Eugene, OR — *Hairstylist*

March 2015 - July 2016

Gervais Salon & Day Spa, Eugene, OR — *Hairstylist*

March 2013 - January 2015

- As a firm believer in continuing education, I completed an intense year long apprenticeship that allowed me to frequently attend advanced styling classes in Portland, Oregon and assist talented, established stylists while building my own clientele.
